

Body Imaging BOOT CAMP

A 14 hour CME program on DVD

Designed to improve your use of
MR and other body imaging
modalities in a practical, heavily
case-based format

MEDICAL EDUCATION

BODY IMAGING BOOT CAMP

What is the Body Imaging **BOOT CAMP**?

Body Imaging Boot Camp, like all of IAME's BOOT CAMP courses, is designed for the serious radiologist seeking greater effectiveness in his/her practice. It is a real-world case-based discussion of the important and challenging areas of abdominal and pelvic imaging, with a focus on MRI. The goal is to build competence in practice. Brief introductory lectures lead into more comprehensive explorations of the findings you might encounter from day to day.

As in all of our BOOT CAMP courses, we offer a rich educational experience using today's best practices in adult learning. It is designed for maximum impact (and we even check with you to find out how much you were helped).

This program is for you if you want a course that is:

- Intensive
- Case-based
- Interactive
- Conducted by faculty you can trust

All of the courses in our BOOT CAMP series are available on DVD

FACULTY

CONFERENCE CHAIR:

Jeffrey C. Weinreb, MD, FACR

Professor of Diagnostic Radiology
Director of Medical Imaging
Chief of Body Imaging
Chief of MRI and Abdominal Imaging
Yale University School of Medicine
New Haven, CT

Gary Israel, MD

Chief of CT
Professor of Radiology
Yale University School of Medicine
New Haven, CT

John R. Leyendecker, M.D

Associate Professor of Radiology
Clinical Director of Magnetic Resonance Imaging
Wake Forest University Health Sciences
Winston-Salem, NC

Koenraad J. Morteale, MD

Associate Professor of Radiology,
Harvard Medical School
Director, Division of Clinical MRI
Staff Radiologist, Abdominal Imaging
and Body MRI
Department of Radiology
Beth Israel Deaconess Medical Center
Boston, MA

Rendon C. Nelson, MD, FACR

Reed and Martha Rice Professor of Radiology
Division of Abdominal Imaging
Duke University
Durham, NC

ACCREDITATION & CERTIFICATION

The Institute for Advanced Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The Institute for Advanced Medical Education designates this enduring material for a maximum of 14 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity

CME Credits: 14 • SAM Credits: 1

BODY IMAGING DVD PROGRAM

DVD 1

SESSION 1 - GYN

Moderator: Weinreb

MRI Uterus: Benign Diseases – Weinreb

MRI Pelvic Organ Prolapse – Leyendecker

Appendicitis in the Pregnant Patient – Weinreb

CASE PRESENTATION SESSION

SESSION 2 - PANEL DISCUSSION ON CONTRAST AGENT ISSUES

Moderator: Weinreb

Noncontrast MRA, GBCA for Liver Imaging, NSF, CIN

Imaging the Patient with Compromised Renal Function

Who Should be Premedicated?

DVD 2

SESSION 3 - LIVER

Moderator: Nelson

Characterizing and Managing Focal Lesions in the Non-Cirrhotic Liver – Nelson

Diagnosis and Reporting Cirrhotic Nodules – Weinreb

Diffuse Liver Diseases – Nelson

Cyst or Serious? – Weinreb

Diffusion Weighted Imaging in the Liver – Leyendecker

CASE PRESENTATION SESSION

DVD 3

SESSION 4 - GI

Moderator: Weinreb

MR Enterography – Leyendecker

CT of Acute Bowel Ischemia – Morteale

Pearls and Pitfalls – Israel

Staging Anorectal Cancer with MRI – Morteale

CASE PRESENTATION SESSION

SESSION 5 - GU (part 1)

Moderator: Israel

CT/MRI of the Adrenal Glands – Israel

MRI Prostate – Weinreb

CASE PRESENTATION SESSION

DVD 4

SESSION 5 - GU (part 2)

CT/MRI of Cystic Renal Masses – Israel

Evaluating and Reporting Small Renal Masses – Israel

CASE PRESENTATION SESSION

SESSION 6 - PANCREAS/BILIARY

Moderator: Morteale

Evaluating and Reporting Cystic Pancreatic Masses – Morteale

Acute Pancreatitis – Nelson

Secretin MRCP – Morteale

CASE PRESENTATION SESSION
