

For your safety and to ensure the quality of your MRI examination:

- Please remove all clothing and change into the provided hospital gown.
- Cotton, polyester, silk, nylon, spandex, or wool underwear may remain on but bras with metal clasps or underwires must be removed.
- All garments with metal-based fibers must be removed.
- Please remove all personal and metallic items including your watch, jewelry, etc.
- Please use the cabinet to lock up and secure your personal items.

Thank you for your cooperation.
